

BETHEL

Dr. R. M. Chase attended the annual meeting of the state dental society in Burlington Wednesday and Thursday and led the discussion on one of the papers.

Mrs. Alex Smith, with her little daughter, has gone to join Mr. Smith at Cochranton, Mass., stopping two days on the way to visit her sister, Mrs. C. L. Denmore, in Concord, N. H.

A daughter was born at the City hospital in Quincy, Mass., May 6, to Mr. and Mrs. Ira Jenkins. The mother formerly was Lizzie Mahan of this place.

Whitcomb high school baseball team met defeat in South Royalton Wednesday by a score of 7 to 2.

C. O. Spaulding, District Deputy H. H. Kidder, J. Howard Myott and C. L. Lilly, representatives from Bethel lodge, No. 35, I. O. O. F., were in Rutland Thursday to attend the grand lodge of Odd Fellows.

A pleasing entertainment was given at the town hall last evening for the Congregational church repair fund. The playing on the violin by Max Bryant and on the cello by Gerald Bryant, with Mrs. A. C. Batchelder as accompanist, was much enjoyed. The Bryant brothers are from Durham, N. H., sons of Prof. Gilmore, Ward Bryant and Martha (Bullard) Bryant, both natives of Bethel, who conduct the Southern Conservatory of Music at Durham. The sons have been studying in New York and are at the home of their aunt, Mrs. C. E. Noble, doing farm work during their vacation. Rev. F. K. Dixon appeared in one of his musical pieces, Miss Blanche Gray sang sweetly, and a farce, "Infernal Machine," furnished opportunity for the display of considerable dramatic ability by Fisher Chadwick, Charles Williamson, Robert Mitiguy, Misses Dorothy Pierce, Eleanor Graham and Annie Sturk.

A patriotic meeting is scheduled for Monday evening, at which Rev. Fraser Metzger and M. M. Wilson of Randolph are expected to be speakers.

Several of the lines of the Bethel Telephone company were disabled for a short time yesterday afternoon during a thunder storm of considerable violence.

Miss M. E. Kittell of St. Albans is a guest at Mrs. C. E. Heppburn's.

The body of C. G. Clifford's dog which died recently was sent yesterday to Burlington for burial.

HARDWICK

On account of the boy scout "first aid demonstration and other features" entertainment May 29 at the opera house, it has been thought best not to present "The Adventure of a Boy Scout" at the Idle Hour theatre on May 23, as was first planned, but this picture may be presented at a later date.

The annual meeting of the Red & Gun club has been postponed until next week Thursday evening, May 24, at the Memorial building.

The Hardwick Red Cross branch was organized last Wednesday at the Memorial building with Mrs. Harriet McLoud, president; Mrs. Hattie Shipman, secretary; Mrs. Annie Mulcahy, treasurer. This branch starts with a membership of 100. The work will be under the supervision of Mrs. F. F. Taylor, who was sent to Burlington a couple of weeks ago to receive instructions in the work, and the work will be carried on in the W. R. C. hall in the Memorial building every afternoon except the first and third Thursdays of each month. Following is a list of the appointed committees: Supply committee, Mrs. St. John, Mrs. Frank Stone, Mrs. Bert Howison; finance committee, Mrs. Harry Drew, Mrs. M. G. Moore, Mrs. W. H. Wheatley, Mrs. L. I. Bishop, Miss Margaret Gallagher; membership committee, Mrs. C. S. Cobb, Miss Mary McCaffrey, Miss Emma Hill, Mrs. J. C. Spaulding, Miss Lura Wheeler; workroom committee, Mrs. H. R. Kimball, Mrs. C. T. Pierce, Mrs. G. S. Redding, Miss Lizzie Paul.

C. T. Pierce was in Montpelier Friday on business.

Roy Porter of St. Johnsbury is visiting relatives in town.

N. C. Morse has moved from the Lawson house on Wolcott street into the Howard house on High street.

Mrs. F. F. Taylor is in Calais, called there by the illness of the relative.

WORCESTER

Mrs. Anna Ladd, Selden and Ina Dodge have the measles. Mrs. Mary Maxham is caring for Mrs. Ladd.

Jerry Bolton has enlisted in the navy and has passed the examination. He is now at home with his parents, Mr. and Mrs. P. G. Bolton, for a few days, waiting for a call.

Mr. and Mrs. C. A. Slayton of Morrisville, Mrs. D. E. Weaver and Little son of Windsor and Miss Elizabeth Sparrow of Montpelier visited Mrs. Carrie Town last Thursday.

Henry Abbott is running a new Buick car.

Clifton Hunt and family are moving from Montpelier into Charles Batchelder's tenement.

Misses Mabel and Josephine Fisk, teachers from Barre, were week-end visitors at Mrs. C. N. Curtis'.

Mrs. H. C. Dodge, who has been sick for several weeks, is able to sit up.

There will be a social at the parsonage to reorganize the young people's Sunday school class.

Mrs. Arthur Johnson and daughter, Demis, were in Montpelier Wednesday.

Utton & Harriman are loading a car of bobbins to ship to Burlington.

Hiram and Hermon Curtis were home over Sunday from Montpelier.

Superintendent W. B. Lance from Plainfield visited schools here Wednesday.

PLAINFIELD

The first performance by the Nellie Gill Players is to-night and remember they are giving a party after the show. All present are invited to remain and have a good time with the Players.—Adv.

Society's Choice

For over 69 years Society Women all over the world have used it to obtain greater beauty and to keep their appearance always at its best.

Gouraud's Oriental Cream

Sent 10c for Trial Size

FERD. T. HOPKINS & SON, New York

RANDOLPH

Miss Annie Wood came from Essex, where she is teaching, on Friday for an over-Sunday stay with her parents, Mr. and Mrs. F. B. Wood.

Miss Beatrice Thompson of Montpelier arrived here on Friday for a short stay with her grandparents, Mr. and Mrs. A. J. Foster.

Mrs. Charles Wood and daughter of Springfield, after passing several days here with Mr. and Mrs. Alonzo Emery, returned to their home in Springfield Friday.

Mr. and Mrs. Fred Beals of Boston were over-Sunday guests of John Manchester.

Miss Marguerite Merrill came from Burlington Monday to pass the rest of the week with Mrs. C. B. Hollis.

Mrs. Wilmet Root of Stratford is the guest of Mrs. Frank Copeland for a few days.

Mr. and Mrs. L. V. Parent and Mrs. Inez Shaw of Richmond, P. Q., passed Sunday with Mr. and Mrs. Standish on the farm.

Fred L. Dudley has received the appointment of district highway commissioner for Orange county to fill the vacancy caused by the death of M. C. Flinders of Tunbridge. Mr. Dudley was born in Brentwood, N. H., in 1876, and was educated at Phillips-Exeter academy. He came here for the first time in 1906 as a surveyor for Hamden McIntyre, who was the water commissioner, and for the past years had been civil engineer, doing all the work on the automobile highways in the county. He has also held the office of village water superintendent for several years.

The 29th annual meeting of the Congregational Home missionary union will be held with Bethany church May 23 and 24. The session opens on Wednesday evening with a devotional service led by Rev. Fraser Metzger, after which there will be addresses by Mrs. John Thompson of Portland, Me., on "The Jubilee Increase Campaign," and Rev. Dr. Herman F. Swartz, secretary of missions, C. H. M. S. Thursday morning will be opened with a devotional service led by Mrs. W. F. Jackson, after which Miss Mary Carr Tewksbury will give the welcoming word, to which response will be made by Mrs. Van Patten and Mrs. M. H. Buckham of Burlington. A business session will follow, with reports from the several departments. Rev. P. D. Vassiliou, an Isiah Island missionary, will speak on "The Immigrant and His Friend," and Rev. Dr. Paul Douglas, corresponding secretary of the A. M. A., will make "A plea for those who are loyal against odds." Lunch will be served soon after noon, and the opening session in the afternoon will be led by Mrs. Thomas A. Carlson. Rev. Charles Merrill, associate secretary, V. D. M. S., will give an address on "The Responsibilities of Green Mountain Women for Green Mountain Boys." Each auxiliary is entitled to two delegates and delegates from all over the state are expected.

Mr. and Mrs. C. E. Heald of Nashua were with Mrs. C. R. Pratt the first of the week, returning home after a short visit.

Mrs. C. S. Booth, Mrs. M. W. Campbell, Mrs. F. A. Salisbury and Mrs. Ellen Lattimer have been in Rutland attending the Rebekah assembly.

B. L. Spooner of Montpelier and Mrs. O. D. Tracy of Chelsea visited their mother, Mrs. Louis Spooner, who is ill at the sanatorium with pneumonia, the first of the week.

Mrs. Will Howard and Mrs. Robert Norman returned to their home in Hillsboro, N. H., after passing several days at the home of S. W. Howard.

GROTON

Mrs. Peter Welch is ill at the home of her son, David Elmer.

J. Ralph Pierce and Mrs. E. G. White of Fairlee were in town Thursday in the interest of the Connecticut Valley Telephone company.

Curtis Carpenter has been in Vershire several days this week.

Mrs. John Hatch, who has been ill of blood poison, is somewhat improved.

Mrs. Augustus Paris of Plainfield, who has been visiting her father, David Corruth, returned home Thursday.

Claude Maxfield returned to his home at West Haven, Conn., Monday, leaving Mrs. Maxfield for a longer visit with her parents, Mr. and Mrs. A. J. Page.

Dr. and Mrs. H. L. Tillotson were visitors in Barre Tuesday.

Charles W. Miller left Thursday for Windsor, where he was called as juror at the U. S. court.

John T. Whitney of Steubenville, O., visited his aunt, Mrs. F. W. Lewis, and family Tuesday, leaving on the early train Wednesday morning.

Judge E. M. Harvey of Montpelier, Nelson Bailey of Wells River and Jesse Bailey of Newbury were in town Thursday to attend a meeting of the Groton Telephone company.

Mrs. G. E. Smith of South Ryegate and Miss Mattie Hatch of Newbury were in town Thursday.

Fred Cole, who worked for the Groton Telephone company one season a few years since, was a visitor in town Thursday.

Alex Hart, whose house on Pine street was recently destroyed by fire, has moved his family to the Stephen Welch farm at Westville, which he has purchased. Mr. Welch has purchased the farm of C. B. Page in the north part of the town.

Mrs. Florence Roque and daughter, Catherine, arrived here Wednesday from Springfield, Mass., and will pass a few weeks with her mother, Mrs. A. E. Clark, who is ill.

STATE

VERMONT DENTISTS ELECT.

W. R. Pond of Rutland Was Elected President.

Burlington, May 19.—The Vermont Dental convention closed with a business session yesterday at the Van Ness parlors. A resolution was unanimously adopted pledging members of the association to care for the practice of Vermont dentists who are or will be in the government war service.

Officers were elected as follows: President, W. R. Pond of Rutland; vice-president, David Manson of Burlington and P. M. Williams of Rutland; secretary, P. E. Mellen of Middlebury; treasurer, Thomas Mound of Rutland; executive committee, Fred R. Newall and A. L. Pettis of Brattleboro, and G. M. Somers of Proctor. Dr. Pond was elected delegate to the national dental convention.

WOODBURY

Mr. and Mrs. Vernon Ainsworth were week-end guests of relatives in Hardwick.

Morton and Owen Atkinson returned home Saturday from Springfield.

Rev. and Mrs. O. L. Barnard left Monday for their home in Waits River.

Robert Davis visited his grandparents, Mr. and Mrs. Robert Royce, in Elmore Monday.

The prize speaking of the schools in town will be held in the new school hall Monday evening, May 21.

Mr. and Mrs. Carl Thomas motored to White River Junction Sunday.

The body of Doris Ida Hayford, infant daughter of Mr. and Mrs. Glen Hayford of Granville, was brought here Friday for burial.

Helon Blake was in Springfield Saturday.

Guard Celley and Wendell Webber were guests Saturday and Sunday of Mr. and Mrs. J. V. VanOrnam in Maple Corner.

The dramatic club will present the drama, "Followed by Fate," in the village hall at East Hardwick Friday evening, May 25.

Robert Davis, who has had employment in Springfield for the past six months, has returned home.

Mr. and Mrs. Simon Walton of Dalton, Mass., are in town for a few days.

Mr. and Mrs. Charles Hull and child and Mrs. Bohannon of Granville were over-Sunday guests of Mr. Hull's parents, Mr. and Mrs. Henry Hull.

Henry Hull and daughter, Lydia, of Barre were at home over the week end.

AN APPEAL TO WOMEN.

In Their Own Homes They Can Aid the Nation's Armies.

The secretary of agriculture, in response to requests from many editors for a statement as to service women can render the nation in the direction of producing and conserving agricultural products, has issued the following:

To the Women of the United States.

"Every woman can render important service to the nation in its present emergency. She need not leave her home or abandon her home duties to help the armed forces. She can help to feed and clothe our armies and help to supply food to those beyond the seas by practicing effective thrift in her own household."

"Every ounce of food the housewife saves from being wasted in her home—all food which she or her children produce in the garden and can preserve—every garment which care and skillful repairs make it unnecessary to replace—all lessens that household's draft on the already insufficient world supplies."

"To save food the housewife must learn to plan economical and properly balanced meals, which, while nourishing each member of the family properly, do not encourage overeating or other excessive and wasteful variety. It is her duty to use all effective methods to protect food from spoilage by heat, dirt, mice, or insects. She must acquire the culinary ability to utilize every bit of edible food that comes into her home. She must learn to use such foods as vegetables, beans, peas, and milk products as partial substitutes for meat. She must make it her business to see that nothing nutritious is thrown away or allowed to be wasted."

"Waste in any individual household may seem to be insignificant, but if only a single ounce of edible food, on the average, is allowed to spoil or be thrown away in each of our 20,000,000 homes, over 1,300,000 pounds of material would be wasted each day. It takes the fruit of many acres and the work of many people to raise, prepare, and distribute 464,000,000 pounds of food a year. Every ounce of food thrown away, therefore, tends to waste the labor of an army of busy citizens."

"Clothing is largely an agricultural product and represents the results of labor on the sheep ranges, in cotton fields, and in mills and factories. Whenever a useful garment is needlessly discarded material needed to keep some one warm or dry may be consumed merely to gratify a passing fancy. Women would do well to look upon clothing at this time more particularly from the utilitarian point of view."

"Leather, too, is scarce and the proper shoeing of armies calls for great supplies of this material. There are only so many pairs of shoes in each hide, and there is a shortage of animals for leather as well as for meat. Anything that can be done to encourage adults or children to take care of their shoes and make them last longer means that so much more leather is made available for other purposes."

"Employed women, especially those engaged in the manufacture of food or clothing, also directly serve their country and should put into their tasks the enthusiasm and energy the importance of their product warrants."

"While all honor is due to the women who leave their homes to nurse and care for those wounded in battle, no woman should feel that, because she does not wear a nurse's uniform, she is absolved from patriotic service. The home women of the country, if they will give their minds fully to this vital subject of food conservation and train themselves in household thrift, can make of the housewife's apron a uniform of national significance."

"Demonstrate thrift in your homes and encourage thrift among your neighbors."

"Make saving rather than spending your social standard."

"Make economy fashionable lest it become obligatory."

Olstead Guilty.

Boston, May 19.—Irving E. Olstead, a salesman, who shot and killed Mrs. Violet E. Moores, a manicurist, March 13, 1916, pleaded guilty to murder in the second degree yesterday and was sentenced to life imprisonment. Jealousy was believed to have been the motive.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and nature is doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer \$100,000 for any case that it fails to cure. Send for list of testimonials. J. C. HENNING & CO., Toledo, Ohio. Sold by all Druggists, etc.

CONQUERS RHEUMATISM IN A VERY FEW DAYS

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land, and there is hardly a druggist anywhere who cannot tell you of almost marvelous cures.

If you are tortured with rheumatism or sciatica, you can get a bottle of Rheuma from the Red Cross Pharmacy or any druggist for not more than 50 cents, with the understanding that if it does not completely drive rheumatic poisons from your system—money back.—Adv.

TABLE SYRUP FROM SUGAR BEETS

A Simple Process by Which the Family May Make Its Own Syrup from Sugar Beets Grown in the Garden.

Sugar beets are grown in large quantities for sugar making, but their value as a source of the family syrup supply has been overlooked. Sugar beets suitable for syrup making may be grown wherever soil or reasonable fertility is available. The sweetness of the beets may be greater in one locality than in another, but all sugar beets contain sugar enough to make syrup, say specialists of the United States department of agriculture. The syrup may be made by a very simple process, and a few rows in the garden will produce beets enough to give a family all the syrup needed.

A bushel of beets will produce from three to five quarts of syrup. As the beets when mature should weigh from one to two pounds each, 30 or 40 of them will make a bushel, and as the beets after thinning stand about 10 inches apart in rows about 20 inches apart, it is easy to determine how much ground to use for sugar beets if a particular quantity of syrup is desired. A few rows in the garden generally will be sufficient.

The ground is plowed or spaded to a good depth, without turning up much raw soil, and is made firm, smooth, and free from lumps as early in the spring as possible. It is then kept free from weeds until seeding time, which is not until the ground is warm.

The seed is planted half an inch or an inch deep, either in hills or in solid rows. If in hills, each hill contains from three to six seed balls and the hills are about ten inches apart. If in solid rows the plants remaining stand in tufts about ten inches apart. The rows are about 20 inches apart.

As soon as possible, the beets are thinned to one plant in each hill or tuft. This is done by hand, as the plants are very close together. Good cultivation is necessary. Where irrigation is needed the surface of the ground around the beets must not be flooded, as a crust will form and the air will be cut off from the root.

For proper development, sugar beets require four to six months.

When they are ready for harvesting, the tops show a yellowish tinge and the beets will pull up with little dirt. After being loosened, the beets may be lifted with a two-tined fork. They are then topped by cutting off the crowns at the point of the lowest leaf scar, as the crown contains much of the salts taken up during growth.

If not to be made into syrup at once, the beets may be stored in pits covered with earth or in some other way so as to keep them cool without freezing and without wilting.

In making syrup the topped beets are cleaned by soaking a few minutes, then scrubbing with a coarse, stiff brush. The next step is to cut them into slices as thin as one-sixteenth of an inch if possible. A butcher knife may be used, but a kraut cutter or some other slicing device is easier.

The sliced beets are placed in a tight barrel and just enough hot water to cover them—boiling water if possible—is poured in at once. The barrel is then covered with several thicknesses of canvas to hold the heat. The sliced beets are allowed to soak for about 60 minutes. The barrel is agitated from time to time without being uncovered. This process brings out the sugar from the beets. The liquid is then drawn off, strained through several thicknesses of cheesecloth, and placed in a kettle or other vessel, in which it is boiled slowly until it has evaporated down to the thickness desired. It is important that the boiling be slow and the process will take several hours. The work may be done out doors if desired. Care should be taken not to scorch the syrup. The scum which rises to the surface of the liquid is skimmed off, to remove the strong, beetlike flavor.

The syrup is bottled or canned while hot and sealed to prevent molding. It is dark in color, but has a pleasant flavor.

CURRENT COMMENT

Plattsburg Starts Well.

From the outset it becomes evident that the present Plattsburg camp differs from those that preceded. General orders, for example, prescribe wearing the uniform exclusively and forbid men in uniform from entering saloons: prohibition by indirection. The second physical examination resulted in the rejection of a number of men previously thought fit. These symptoms point to a pretty stiff period of training lying ahead of the men.

Undoubtedly three months of steady drill and constant restriction should turn out a set of men with many of the points that characterize graduates of the military academy. The men should then approximate the West Point model in discipline, physical hardihood and unquestioning mental adherence to army methods. These are good qualities for officers of the initial grade. Considering the youthfulness of the majority of the Plattsburg material, such training is possibly the best sort. It does not seem to solve the problem as to obtaining efficient men for the grades of captain and upward.

Now that we begin to see what Plattsburg can do for officering our projected army, we will naturally ask ourselves to what extent and how Plattsburg, itself a supplementary plan, will have to be supplemented. For good as it may be it is not likely to suffice.—New York Evening Sun.

The Expeditionary Force for France.

The need of American troops at the front in France is not in dispute, and the need of ships to transfer them should also receive early consideration. The latter problem is by no means easy of solution. It receives very little attention. Mr. Bryan was laughed out of countenance when he said that a million Americans would spring to the colors in a day in their country's defense. They are not quite so spontaneous, and without stiff training they do not make the kind of soldier that is wanted by the war worn veterans of France and Great Britain who rush for the enemy's trenches behind a curtain of devastating shell fire.

Representative Sherry of Kentucky was right when he said in the House on Saturday that while Marshal Joffre had urged the dispatch of American reinforcements to France as soon as practicable, the troops desired were not unseasoned soldiers, but those who after a month's training behind the line could take their places in it and be depended on. To send in Americans who from lack of discipline, as well as from lack of training in scientific warfare, would invite mass attacks from the Germans would be fatuous in the extreme. Rigid, unswerving, absolute discipline is as necessary as technical training and preliminary contact with actual war conditions. And skillful leading by officers who know their duties thoroughly is supremely important.

For deficiency in discipline and the inexperience of their officers the British territorial and volunteers went to the slaughter by brigades in Gallipoli. Braver troops never faced a hell of fire. Their officers could not lead, they did not know how to lead; they knew only how to die. It was military suicide on the ghastliest scale. At the heroic but utterly futile landing at Anafarta 5,000 British were sacrificed. There has been nothing in the present war more pitiful and appalling. In an article contributed to the Sun of April 19 a British officer detailed to the United States had this to say about the preparation of the infantry soldier:

"His disciplinary training has to be such that when his senses are frightened out of him the impulse to run away has

been turned into the impulse to obey. The bravest man in the world under modern shell fire becomes almost a little child with one impulse—to get out of it. And so the training of an infantry soldier is more difficult, more trying than that of the gunner. Personal courage, fine in itself on the part of a man or a unit in the infantry, often brings tragedy."

The best army the British government has sent to the front, as fine an army as ever wore a uniform, was the "First Seven Divisions," of which Captain Ernest Hamilton has told the deathless story. We wish that every member of Congress could be made to read it from cover to cover. Then he would be mighty; less tragedy.—New York Sun.

PARK THEATRE

PROGRAM FOR WEEK OF MAY 21

Monday, May 21
Marie Doro in
OLIVER TWIST
A picturization of Dickens' well-known play and book. Burton Holmes' "Winter Sports in Quebec," a Real Life showing the latest dances, making lace by machinery, and other interesting items. The feature play will be shown at 9:05 to allow all an opportunity to see this special play. Come early for seats.

Tuesday, May 22
Carlyle Blackwell and June Eldridge in
THE PAGE MYSTERY
Also a Pathe News of world events and a special two-reel comedy, "A Bon Bon Riot," featuring Hank Mann.

Wednesday, May 23
Tom Santochi in
The Country That God Forgot
A big, smashing story of the western wastes and of a man's love for a woman. Tom Santochi is presented in a role that rivals his "McNamara," in "The Spoiler." Also a Travel Picture showing "Coast Resorts of Normandy," Teheran, Persia, and Winter in the Vosges Mountains, and other reels of interest.

Thursday, May 24
Viola Dana in
THE MORTAL SIN
A startling story of a young wife's sacrifice. A George Ovey Comedy, Pathe News, and a Sidney Drew Comedy. Be sure to see Pathe News, here every Tuesday and Thursday.

Friday, May 25
Lou Tellegen in
THE VICTORIA CROSS
A play of thrills and interest to all. Also a Pictograph News, showing "Mobilizing the Red Cross," "Mission Life in California," a cartoon and other interesting items. Also a Mutual Weekly and a Black Diamond Comedy.

Saturday, May 26
Gladys Colburn in
THE PRIMITIVE CALL
Picturing a woman's power for good or evil. A Musty Suffer, a Hughie Mack, and other reels of fun.
